## Ultimate Summer Camp Schedule

**Belt Boost**– This is the camp to move you towards your next belt level fast. It's a lot of curriculum based classes that can take a couple months off your goal date for your next level. Beginner level belts can usually advance a full belt level at this camp. Train hard and get closer to your Black Belt in this popular camp.

**Martial Arts Skills**– Tournament Edition. This is a skill development camp and is a wonderful supplement for anyone who enjoys the belt boost camps. There are curriculum based classes each day with a strong focus on proper basics and refined techniques. Lots of opportunity to present yourself and work on developing your martial arts skill. It's all about you becoming a higher calibre martial artist!

**Tournament Edition** offers many challenges and small competitions. Loads of fun and excitement!

**Instructor Edition** offers many "How to teach" modules and the many interpersonal skills required for effective coaching. Lots of fun practicing to be in charge!

**Martial Arts Movie**– Have a blast working on your martial arts skills while the camera is rolling. You'll have a great time practicing and shooting the different themed short movies. From a martial arts battle to a fitness video and info commercials! The movie camps include your own dvd copy of the different movies we create and are funny and fantastic to look back on in later years!

**Shanghi Noon Movie**– The Wild West meets Asia at Samurai Stables. Lots of fun (similar to the samurai camp) but with the emphasis on capturing your skills on video. If you've ever wanted to see what the Samurai kids do, you'll enjoy this keepsake dvd they take home! Lots of outdoor activities (archery, camp fire, shelters and stunt work) included when shooting our great outdoors short movie. Don't forget the horses and ponies!

**Japan Adventure Week**– It's an amazing adventure when you travel around the world. The itinerary of this camp includes climbing Mt. Fuji, riding the bullet train to Kyoto (which travels over 260km/h), visit amazing castles and shrines, downtown Tokyo and the incredible shopping. Price includes flight, accommodations and a Japanese Rail Pass. Speak to Mr. Paterson about joining the instructors in Japan.

**Ninja Spy Adventure**– Your mission, should you choose to accept it, is dangerous fun. The secret spy techniques of the Ninja are explored and played out throughout this new camp. Learn how Ninja's can disappear and move without being detected. Learn to see in the dark and read secret codes, be asked to go on secret missions where your team's success depends on your information. There's going to be plenty of martial arts and silent Ninja moves that will be sure to thrill any martial artist who enjoys the secret, exciting world of spies. **Special morning only version for \$99. Ages 4 and up.**

**Wonder Week**– It's back by popular demand. A week at Canada's Wonderland. This is a great deal, as each participant will get their own season pass for the park that they can use all year long. Meet at the main club in the morning and get ready for a great day. Included in this price is afternoon drop off at your house! You do not need to come and pick up your child, we will bring them to you. **Must be 48" or taller.**

**Samurai**– This is the real deal (age appropriate of course). Learn about the Samurai and their history. Campers will get plenty of martial arts, with all the self defense techniques a Samurai would know. Plus, learn how to use a wooden sword, watch, and battle the instructors in Samurai armor. Learn, the daily duties of a Samurai as you look after your horse, and practice archery at the range and mounted archery on the course. Samurai Camp is held exclusively at Samurai Stables in Grimsby. No previous martial arts experience is necessary. Your option on Friday Afternoon is a parents BBQ. **Ages 7 and up.**

**Ontario Trail**– Enjoy the scenic and peaceful trails throughout our region with guided hikes, games and activities from our instructors. Take a break and be active in the natural surroundings of the Escarpment. Discover caves and waterfalls and learn about Tread Lightly, a proactive educational program which protects recreation access and opportunities in the outdoors. Friday is parents day, if you can make it, we'd enjoy having you come along.

**ATV off road** –This is just like heading up North except, you don't need to drive up North, the camp is half the price and you don't need to bring your own ATV, we provide them.
